organizer

on may 29 1963 I requested permission from the FPCC headquarters at 799 Broadway new york 3, n.y. to try to form a local branch in new orleans. I received a cautious but enthusiastic go-ahead from V.T. Lee national director of FPCC. I then made 4 layouts and had printed public literature for the setting up of a local FPCC. I hired persons to distribute literature. I then organized persons who display receptive attitudes toward cuba to distribute pamplets. I sough response from latin american consuls of which there are many here in new orleans, I infiltrated the cuban student directorate and then harrassed them with information I gained including having the N.O. city attorney general call them in a put a restraining order pending a hearing on some so-called bonds for invasion they were selling in the new orleans area. I caused the formation of a small, active, FPCC organization of members and sympathizers. where before there were none.
